## **THE BACKGROUND**

Mankar College, established in 1987, celebrated its Silver Jubilee in the year 2012. While serving the under-privileged students for more than twenty five years, the college has been able to uphold the rich tradition of education rooted in the locality. The modern system of education began here when Pandit Iswar Chandra Vidyasagar established a normal school in the mid-19<sup>th</sup> century. In keeping with the tradition the College has established itself as a seat of learning disseminating the fruits of knowledge to a large underdeveloped rural area on the border of and including the more backward *jungle-mahal*.

The initiative for establishing a college was undertaken by the local people in the late 1960s to gain an access in the world of higher education. After years of struggle the College ultimately saw the light of the day on 26<sup>th</sup> September 1987 in a five acre plot of land donated by Smt. Renubala Devi, a resident of Mankar. The campus expanded when additional land was received as donation from Sri Bireswar Banerjee and his brothers. A large number of people of this locality and surroundings have extended their help for the growth of the college. Of late Smt. Kanaklata Banerjee and her nephew Sri Soumitra Mukherjee have donated 75 decimal of land including a house to the College. The land has been used to construct a UGC funded girls' hostel with an accommodation for 33 boarders.

In 1987 teaching -learning began with six Arts subjects, sixty-three students and six teachers in a thatched roofed mud-walled hut. Quarter of a century later, the College today proudly offers all three streams – Arts, Commerce and Science with Honours in thirteen subjects. Almost seven hundred students take admission in First Year Arts alone. Huge buildings have been constructed in a spacious green campus. The infrastructure has been strengthened by the presence of capacious classrooms, well-equipped laboratories and library. ICT is used in an extensive manner.

The appearance of the college has undergone radical changes, but the performance of the students in the University Examinations has remained exemplary right from the beginning. The success rate over the years has remained uniformly outstanding. By virtue of its students, non-teaching members of the staff and the teachers, Mankar College is recognized as one of the premier institutions affiliated to the University of Burdwan. The ambiance here is calm and quiet, traditional yet modern, disciplined and accommodative -- ideal for the pursuit of knowledge.

For a brief period, precisely from 24<sup>th</sup> of June 2015 to the 29<sup>th</sup> of May 2017, the college was affiliated to Kazi Nazrul University and was appreciated there also for its qualities. Now once again it is affiliated to the University of Burdwan.

In 2009 the Peer Team of National Assessment & Accreditation Council (NAAC) visited the College, and on its recommendation the Executive Committee of NAAC accredited the college in grade 'B' with CGPA of 2.21 on four point scale. For the second cycle of assessment the NAAC Peer Team visited the College in November 2016. The College has been awarded the grade B+ with a CGPA of 2.58. Appreciating the performance of Mankar College, the Govt. of India has chosen this college through RUSA (Rashtriya Uchchar Shiksha Abhiyan) as one of the 750 colleges in the country for developing the infrastructure.

## **LOCATION OF THE COLLEGE**

Mankar is well connected by both railways and roadways. Mankar railway station is on Barddhaman-Asansol section of Eastern Railway. Mankar is two kilometers from G T Road. The college is on the Bhatkunda highway, two kilometers from Mankar Railway Station and about a kilometer from the Mankar Bus Stop. It takes less than twenty minutes to reach the college from the railway station on foot. The buses plying to and from Bhedia stop almost at the college gate itself. The College admits students for the Bachelor Degree courses in six Semesters and it has introduced the CBCS from the session 2016-17.

In keeping with the decision of the Govt. of West Bengal the admission process is conducted online and with complete transparency.

Students are admitted on the basis of merit lists generated out of applications received from registered applicants.

Merit list for the Honours courses are prepared on the basis of grade point (GP) which is calculated as:  $GP = HS + Sub \times 2$ . For Computer Science marks obtained in Mathematics in HS will be taken as subject marks. )

For applicants in General Course it has to be remembered that because of the intake capacity regulated by the university the College is compelled to follow a cut-off marks on the basis of marks obtained by the students in the HS Examination. No student can be admitted below the cut-off marks which is determined by the admission committee considering the ground reality.
